Report of Independent Certified Public Accountants

Board of Trustees
World Learning, Inc.

We have audited the accompanying consolidated financial statements of World Learning, Inc. (the “Organization”), which comprise the consolidated statements of financial position as of June 30, 2015 and 2014, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management’s responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization’s preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of World Learning, Inc. as of June 30, 2015 and 2014, and the changes in their net consolidated assets and their consolidated cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements
June 30, 2015 and 2014

NOTE A - ORGANIZATION

World Learning, Inc. (“World Learning” or the “Organization”), was founded in 1932, and is a private, nonprofit organization working to foster global citizenship through education, training, and field projects in over 80 countries. Educational initiatives provide knowledge and skills, and create personal connections to bridge cultural differences. Locally driven international development projects build the foundations of citizen participation in under-represented communities around the world. Connecting people through experiential learning and opportunities to practice what the Organization teaches, World Learning has created a global network of more than 100,000 students and alumni, faculty, staff, and in-country partners working together to inspire and lead effective social change.

Headquartered in Brattleboro, Vermont, USA, with offices in Washington D.C. and operating locations worldwide, World Learning accomplishes its goals through five divisions operating its programs in numerous countries through locally organized legal entities. The Experiment in International Living offers short-term summer exchange programs for high school students. SIT Graduate Institute (formerly known as The School for International Training), accredited by the New England Association of Schools and Colleges, provides graduate degrees and professional programs in international and intercultural education including sustainable development, conflict transformation, and social justice. SIT Study Abroad (“SSA”) offers undergraduate study abroad in more than 50 countries. International Honors Program (“IHP”), which was acquired by World Learning in 2010, offers theme-based, multi-country study abroad programs within a semester or academic year that explore a range of themes through an innovative comparative approach. Washington, D.C.-based International Development and Exchange Programs specializes in grassroots programs, mostly federally funded, to build local capabilities through development, training, and exchange projects in more than 20 countries.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies is presented to assist in understanding World Learning’s consolidated financial statements.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of World Learning and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

Basis of Presentation

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“US GAAP”), as applicable to non-profit entities.

Net assets, revenues, expenses, gains and losses are classified into one of the three following categories based on the existence or absence of donor-imposed restrictions.

Unrestricted - net assets generally resulting from contributions or other inflows of assets whose use is not limited by donor-imposed stipulations. Net assets, which the Board of Trustees has designated be set aside for a specific purpose (quasi, or board-designated), are also classified as unrestricted net assets. Board designated assets amounted to \$5,534,958 and \$5,737,658 at June 30, 2015 and 2014, respectively.

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued
June 30, 2015 and 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Temporarily restricted - net assets resulting from contributions and other inflows of assets whose use is limited by law or donor-imposed stipulations that either expire by the passage of time or can be fulfilled and removed by actions of World Learning pursuant to those stipulations (Note M).

Permanently restricted - net assets comprised of the historical cost (fair value at date of gift) of contributions whose corpus is required by donor-imposed stipulations to be retained as fund of a permanent duration. Generally, such donors permit the use of income and investment returns from such resources for specific or mission related purposes (Notes G, M, and N).

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities, if any, are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the reporting period in which they are received are reported as unrestricted support in the consolidated statements of activities.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Promises to give that are scheduled to be received in future periods, or which are restricted by the donor to a specific purpose that has not been met as of the end of the fiscal year, are presented as either increases in temporarily restricted or permanently restricted net assets depending on the nature of those restrictions. Temporarily restricted support is reclassified to unrestricted net assets when the time or purpose restrictions are met.

Bequests are reported as operating revenue in the period in which the Organization has an irrevocable right to the gift, which generally occurs once the will has cleared probate and the amount of the bequest is estimable.

Operations

The consolidated statements of activities present the change in net assets from operating and non-operating activities. Operating activities consist of those items attributable to World Learning's programs. Returns earned on World Learning's endowment investments is reported as operating revenue by applying a Board approved spending rate (5% and 4.75% in fiscal 2015 and 2014, respectively) to the rolling twelve quarter average fair value of the Endowment Fund as of March 31 of the prior fiscal year. Investment return in excess of amounts appropriated (availed), capital contributions and other nonrecurring items, if any, are reported as non-operating revenue or expense.

Income Taxes

World Learning is a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code, as amended (the Code), and is generally exempt from income taxes pursuant to Section 501(a) of the Code. Certain of World Learning's foreign subsidiaries are organized as taxable entities in their respective countries. Income taxes attributable to the operations of these entities are determined by applying the asset and liability method.

The Organization is required to assess uncertain tax positions. While tax years ended June 30, 2012, 2013, 2014, and 2015 are still open to examination, management has determined that there were no uncertain positions that are material to the consolidated financial statements.

It is the Organization's policy to record estimated interest and penalties, if any, as part of general support expense.

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued
June 30, 2015 and 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Cash and Cash Equivalents

Cash and short term investments with maturities of three months or less at the time of purchase are classified as cash equivalents. The carrying value of the cash equivalents, which consist of bank certificates of deposit and institutional money market funds, approximates fair value. Cash is deposited in several banking institutions; at times, cash held in a single institution may exceed federally insured limits. The Organization has not experienced and does not anticipate any losses in such accounts.

Cash and cash equivalents held by investment managers are classified with investments (see Note E).

Included in cash and cash equivalents at June 30, 2015 and 2014 were \$1,881,193 and \$2,224,755, respectively, of funds held in foreign bank accounts.

Accounts, Notes and Contributions Receivable

Accounts, notes and contributions receivable are stated at their estimated net realizable value. An allowance for uncollectible accounts is provided for those receivables which are considered to be uncollectible based on historical experience and management's evaluation of the likelihood of payment. Accounts are written off after all reasonable collection efforts have been exhausted.

Investments

Investments are stated at fair value. The fair value of investments is based on quoted market prices, except for certain investments, principally held by limited partnerships in which World Learning invests, for which quoted market prices are not available. The estimated fair value of World Learning's investment in limited partnerships is based upon fair value information provided by the investment manager which management of World Learning believes is reasonably stated.

Split-Interest Agreements

Charitable Gift Annuities

World Learning is a party to several charitable gift annuity agreements whereby the donor contributes assets in exchange for distributions over a period of time. Charitable gift annuities are recognized in the period in which the contract is executed. The difference between the fair value of the assets received and the estimated liability for future distributions is recognized as contribution revenue. The estimated liability related to charitable gift annuities was \$108,809 and \$113,899 at June 30, 2015 and 2014, respectively, and is presented within accounts payable and accrued expenses in the consolidated statements of financial position.

Pooled Life Income Funds

World Learning is the beneficiary of a pooled life income fund for two donors where the respective assets are controlled and invested by World Learning. World Learning recognizes its estimated remainder interest in the assets as temporarily restricted contribution revenue in the period in which the assets are received.

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued
June 30, 2015 and 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Charitable Remainder Unitrust

World Learning is the beneficiary of an irrevocable charitable remainder unitrust. World Learning recognizes its estimated remainder interest in the trust as temporarily restricted contribution revenue in the period in which the assets are received.

Prepaid Expenses and Other Assets

Prepaid expenses and other assets consist primarily of amounts paid for programs to be offered in the subsequent fiscal year. Included in prepaid expenses at June 30, 2015 and 2014 were \$2,214,013 and \$2,099,535, respectively, representing advance payments for airfare, program services and other costs related to education-based summer programs.

Property, Plant and Equipment

Property, plant and equipment are stated at cost at the date of acquisition or at fair value at the date of donation in the case of gifts. Depreciation of property, plant and equipment is recorded on a straight-line basis over the estimated useful lives of the assets as follows:

	<u>Estimated Useful Lives</u>
Land improvements	20 - 40 years
Building and building improvements	7 - 40 years
Furniture and equipment	3 - 20 years
Motor vehicles	5 years
Leasehold improvements	Shorter of useful life or lease period

Expenditures for repairs and maintenance are charged to operating expenses as incurred; betterments that materially extend the life of the assets are capitalized. Capital assets are removed from the accounts at the time of disposal, and the resulting gain or loss, if any, is included in non-operating revenues and expenses in the consolidated statements of activities.

Foreign Currency Transactions and Forward Currency Contracts

World Learning enters into forward currency contracts to hedge the risk of currency fluctuations on the anticipated costs of its overseas programs scheduled to run over the next one to eleven months. This hedging reduces the effect of foreign exchange rate movements on World Learning's change in net assets because gains and losses on these contracts partially offset foreign exchange transaction and translation gains and losses on future program transactions. As a matter of policy, World Learning does not engage in currency speculation.

Forward currency contracts are accounted for as derivative instruments and stated at fair value with gains and losses included in non-operating revenues and expenses in the consolidated statements of activities. Fair values of open contracts are included either in other assets or accrued expenses in the consolidated statements of financial position.

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued
 June 30, 2015 and 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**Advance Payments and Deferred Revenue**

Advance payments and deferred revenue represent tuition, fees and other receipts which are applicable to programs to be held in future fiscal years.

Contracts and Grants

Federal government grants and contracts normally provide for the recovery of allowable direct costs and indirect costs based on rates negotiated with the Federal government. World Learning recognizes revenue associated with direct and indirect costs as the related costs are incurred (Note O). For financial reporting purposes, all billable direct and indirect costs on Federal government grants and billable contracts are classified together in grants and contracts expenses.

According to Office of Management and Budget Guidance for Grants and Agreements 2 CFR 200, subpart E (formerly Circular A-122), an organization annually negotiates provisional and final facilities and administrative rate (“indirect rates”) with its cognizant federal agency. During the fiscal year the entity recovers indirect revenue per the approved provisional indirect rate. When indirect revenue recovered exceeds actual indirect costs, the entity recognizes a liability for over-recovered indirect revenue. When actual indirect costs exceed indirect revenue recovered using provisional indirect rates, the entity does not recognize additional revenue until a new final rate is negotiated with the cognizant federal agency.

In the consolidated statements of activities, program support and general support expenses are presented net of provisional facilities and administrative recovery of \$10,729,027 and \$8,736,633 in 2015 and 2014, respectively.

Allocation of facilities and administrative recovery between program support and general support for fiscal year 2015 and 2014 is summarized as follows:

	<u>2015</u>	<u>2014</u>
Program Support	\$ 8,783,941	\$ 9,690,748
Less: Facilities and administrative recovery	<u>(6,034,005)</u>	<u>(4,913,482)</u>
Program Support, net	<u>\$ 2,749,936</u>	<u>\$ 4,777,266</u>
	<u>2015</u>	<u>2014</u>
General support	\$ 15,549,107	\$ 14,056,610
Less: Facilities and administrative recovery	<u>(4,695,022)</u>	<u>(3,823,151)</u>
General support, net	<u>\$ 10,854,085</u>	<u>\$ 10,233,459</u>

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued
June 30, 2015 and 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Auxiliary Services

Auxiliary services revenue and expense include residence halls at the Brattleboro campus, dining halls, and other undertakings which provide services primarily to students, faculty and staff where such revenues and expenses are separately billed. Auxiliary services revenues and related expenses are reported as unrestricted activities.

Federal Student Loan Funds

These amounts include funds advanced under the Federal Perkins Loan Program. Such funds may be re-loaned after collection. In the event that World Learning no longer participates in the Program, the amounts are generally refundable to the Federal government. On September 30, 2015 the Federal government terminated the Perkins Loan Program. Subsequent to this date students can no longer received Perkins Loan disbursements.

Fundraising Expenses

Fundraising costs of \$1,280,110 and \$1,503,256 for the years ended June 30, 2015 and 2014, respectively, were included with general support in the consolidated statement of activities.

Functional Expense Allocation

The cost of providing the various programs and other activities has been summarized on a functional basis in the consolidated statements of activities. Costs have been allocated among the programs and supporting services based on an estimate of the relative effort expended for the related functions.

Gifts-in-Kind

Gifts-in-kind are generally defined as non-cash donations. Examples of such gifts received include equipment and software. Donated materials and equipment, if any, are recorded at the lower of either their estimated values at date of receipt or the prevailing discounted pricing for educational institutions.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Such estimates include the allowance for uncollectible accounts, economic useful lives of buildings and equipment, fair values of investments and derivatives, beneficial interests in split-interest agreements and present values of annuity payment liabilities. Actual results could differ from those estimates.

Reclassifications

Certain information in the fiscal 2014 consolidated financial statements has been reclassified to conform to the fiscal 2015 presentation. There were no changes in total assets, liabilities, revenues, expenses or changes in net assets as reflected in the fiscal 2014 consolidated financial statements, and determined that there were no events requiring recognition or disclosure to the accompanying consolidated financial statements.

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued
 June 30, 2015 and 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued***Subsequent Events***

World Learning has evaluated events and transactions for potential recognition or disclosure through November 30, 2015, which was the date these financial statements were available to be issued.

NOTE C - ACCOUNTS AND NOTES RECEIVABLE

Accounts and notes receivable at June 30, 2015 and 2014, consisted of:

	<u>2015</u>	<u>2014</u>
Federal government	\$ 14,276,475	\$ 9,895,079
Student loans	984,934	1,082,765
Programs and students	139,277	148,596
Private grants and contracts	2,239,700	1,622,601
Other receivables	1,066,373	1,034,241
Allowance for uncollectible accounts	<u>(210,360)</u>	<u>(199,000)</u>
	<u>\$ 18,496,399</u>	<u>\$ 13,584,282</u>

Included in Federal government contracts are receivables from third parties for whom World Learning is a subcontractor or sub-grantee. The total receivables from third parties included in Federal government contracts receivable was \$1,227,484 and \$1,178,881 as of June 30, 2015 and 2014, respectively.

World Learning makes uncollateralized loans to students based on financial need. Student loans are funded through Federal government loan programs and institutional resources. At June 30, student loans consist of the following:

	<u>2015</u>	<u>2014</u>
Federal government	\$ 783,476	\$ 875,971
Institutional	<u>201,458</u>	<u>206,794</u>
	984,934	1,082,765
Allowance for uncollectible accounts	<u>(119,000)</u>	<u>(99,000)</u>
Student loans receivable, net	<u>\$ 865,934</u>	<u>\$ 983,765</u>

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued
 June 30, 2015 and 2014

NOTE C - ACCOUNTS AND NOTES RECEIVABLE - Continued

World Learning participates in the Federal Perkins Loan program. The availability of funds (annually) for new loans under this revolving loan program is dependent on both 1) reimbursements to the pool from repayments on outstanding loans, and 2) outstanding loans cancelled, either from loan recipients meeting qualified career service accomplishments, or from loan default. Funds advanced by the Federal government of approximately \$878,000 at both June 30, 2015 and 2014, respectively, are ultimately refundable to the government and are classified as liabilities in the consolidated statements of financial position.

At June 30, 2015 and 2014, the following amounts were past due under student loan programs:

	<u>1-60 days past due</u>	<u>60-90 days past due</u>	<u>90+ days past due</u>	<u>Total past due</u>
2015	\$ 3,380	\$ 120	\$ 194,732	\$ 198,232
2014	\$ 2,618	\$ -	\$ 182,082	\$ 184,700

Allowances for uncollectible accounts are established based on prior collection experience and current economic factors which, in management's judgment, could influence the ability of loan recipients to repay the amounts per the loan terms. Institutional loan balances are written off only when they are deemed to be permanently uncollectible. Amounts due under the Perkins loan program are guaranteed by the government and, therefore, no reserves are placed on any past due balances under this program.

NOTE D - CONTRIBUTIONS RECEIVABLE

Contributions receivable at June 30, 2015 and 2014, consisted of:

	<u>2015</u>	<u>2014</u>
Amounts:		
Due within one year	\$ 620,341	\$ 428,704
Due within two to five years	<u>594,020</u>	<u>155,740</u>
	1,214,361	584,444
Less:		
Unamortized discount	(27,099)	(6,334)
Allowance for uncollectible pledges	<u>(60,801)</u>	<u>(29,866)</u>
	\$ 1,126,461	\$ 548,244

The discount rates used to state contributions receivable at their present value is 3.25% at June 30, 2015 and 2014.

The allowance for uncollectible pledges is based upon historical experience and management's assessment of the potential impact from current economic conditions, and other factors, on pledge collectability. All open pledges are reviewed individually to assess the likelihood of collection.

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued

NOTE E - INVESTMENTS

The fair value of investments at June 30, 2015 and 2014 is summarized as follows:

	<u>2015</u>	<u>2014</u>
Cash equivalents	\$ 1,944,970	\$ 807,458
Fixed income strategies	8,198,217	8,511,903
Equity strategies	22,606,691	25,659,217
Asset allocation strategies	7,518,458	5,838,455
Alternative strategies:		
Commodities funds	916,768	1,214,961
Hedge funds	4,150,466	4,199,491
Private equity funds	2,858,587	2,533,087
Real estate funds	521,142	770,857
	<u>\$ 48,715,299</u>	<u>\$ 49,535,429</u>

World Learning categorizes its investments as follows:

Fixed Income

Fixed income investments, both core and global, include cash, cash equivalents, and direct and indirect investments in bonds and other income securities. The purposes of these fixed income allocations are to provide a deflation hedge and to reduce the overall volatility of the portfolio through additional diversification. Investments in cash and cash equivalents are also intended to preserve liquid capital for future investment or other cash needs of World Learning. Cash equivalents must carry a Standard & Poor's rating of at least A1 or an equivalent rating.

Equity Strategies

Domestic equity investments include direct and indirect investments in equity securities of U.S. companies of all sizes. The purpose of the equity allocation is to provide a total return that will provide for both growth in principal and, to a lesser extent, current income.

International equity investments include direct and indirect investments in equity securities of companies located in developed, emerging and frontier market countries outside the U.S. In addition to sharing the purpose of the domestic equity allocation, international equity investments allow exposure to countries that may be growing faster than the United States.

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued
June 30, 2015 and 2014

NOTE E - INVESTMENTS - Continued

Asset Allocation Strategies

Asset allocation strategy includes balanced strategy funds and risk parity funds. Balanced strategy portfolios are constructed using domestic and international/emerging equities and global fixed income securities. Balanced strategy managers are allowed to tactically allocate to undervalued asset classes, sectors, or countries and may be allowed to use derivatives as a way of obtaining a desired long or short market exposure through over-the-counter and exchange traded derivatives securities. Risk parity funds invest globally across stocks, bonds, currencies and commodities, allocating smaller amounts of capital to assets that are risky and larger amounts to assets that are less risky. Investment managers balance risk allocation across the four asset classes, but they have the ability to exploit tactical opportunities by making modest adjustment towards assets that they believe attractive and away from one they believe are less attractive.

Commodities Funds

Commodities investments are designed to benefit from and provide a hedge against rising and high inflation. Further, they are also designed to yield an inflation adjusted “real return”. In addition, due to their counter-cyclical nature and relatively low correlation to broad markets, commodities investments provide diversification to the entire portfolio with exposure to energy, agriculture, livestock and precious metals through the use of derivatives.

Hedge Funds

Hedged equity investments include direct investments in limited partnerships using marketable or semi-marketable strategies such as long/short equity or event-driven strategies. These investments have exposure to both long and short positions in a wide range of underlying investments focusing on public and private equity.

Private Equity Funds

Private equity investments include investments in limited partnerships that invest in equity or debt that are not publicly traded, in the equity of start-up companies, or in companies embarking on new ventures or restructuring/turnaround plans.

Real Estate Funds

Real estate funds may include investments in limited partnerships and/or in commingled vehicles. The real estate manager is expected to utilize prudent underwriting criteria taking into consideration such items as market analysis, physical condition of the properties and tenancy.

NOTE E - INVESTMENTS - Continued**Investment Return**

A summary of World Learning's return on investments, net of investment management fees of \$365,071 in 2015 and \$400,913 in 2014, follows:

	<u>2015</u>	<u>2014</u>
Dividends and interest income, net	\$ 33,220	\$ 142,258
Net realized gains on sales of investments	2,432,488	1,368,824
Net unrealized gains on investments	<u>(2,198,674)</u>	<u>5,306,850</u>
Total investment return	267,034	6,817,932
Allocation to operations under spending policy	<u>(2,236,455)</u>	<u>(2,065,334)</u>
	<u>\$ (1,969,421)</u>	<u>\$ 4,752,598</u>

NOTE F - FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. World Learning classifies its assets and liabilities accounted for at fair value based on the following valuation techniques:

- Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that are available at the measurement date;
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly;
- Level 3 - Unobservable inputs for the asset or liability, used in situations in which little or no market activity exists for the asset or liability at the measurement date.

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued
June 30, 2015 and 2014

NOTE F - FAIR VALUE MEASUREMENTS - Continued

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The methods used for valuing securities are not necessarily an indication of the risks associated with investing in those securities.

The following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value, as well as the general classification pursuant to the valuation hierarchy:

Investments

Investments where values are based on quoted market prices in active markets are classified as Level 1. These investments are primarily money market funds and mutual funds. Investments where values are based on quoted prices for similar assets in active markets, on quoted prices for identical or similar assets in markets that are not active, or on inputs that are derived principally from or corroborated by observable market data are classified as Level 2. These investments include certain common trusts and alternative marketable investments. Also included in Level 2 are investments measured using a net asset value (“NAV”) or its equivalent that may be redeemed at that NAV within 90 days or in the near term. Other investment strategies are considered Level 3 if observable inputs do not exist and management is required to estimate fair value.

Alternative Investments

The Organization’s alternative investments consist of private equity and hedge funds as well as real estate and commodities funds considered alternative strategies, valued using current estimates of fair value obtained from the investment managers, in the absence of publicly quoted market prices. Alternative investments containing private equity holdings generally reflect discounts for liquidity and consider variables such as earnings multiples, cash flow projections, recent equity sales prices, and other pertinent information in estimating fair values. The estimated fair value of alternative investments is based on the most recent valuations provided by the external investment managers. Because of inherent uncertainties in the valuation process, the investment manager’s estimate may differ from the values that would have been used had a ready market existed. World Learning management is responsible for the fair measurement of investments reported in its consolidated financial statements and has implemented policies and procedures to assess the reasonableness of the fair values provided and believe that reported fair values in the consolidated statements of financial position are reasonable.

Forward Currency Contracts

The forward currency contracts are measured by alternative pricing sources with reasonable levels of price transparency in markets that are not as active, and may therefore be less efficient and less liquid, than the more mature Level 1 markets. These markets do however have comparable, observable inputs by which an alternative pricing source values these assets in order to arrive at fair market value. Based on these characteristics, forward currency contracts are classified as having Level 2 inputs.

Gift Annuities and Pooled Life Income Funds

Liabilities associated with split interest agreements are recorded based on non-recurring fair value measurements and are recorded at the present value of future cash flows expected to be paid to beneficiaries based upon actuarial lives, which is considered to be a Level 3 input.

Balance, end of year	<u>\$ 4,199,491</u>	<u>\$ 2,533,087</u>	<u>\$ 770,857</u>	<u>\$ 7,503,435</u>

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued
 June 30, 2015 and 2014

NOTE F - FAIR VALUE MEASUREMENTS - Continued

World Learning had outstanding commitments to contribute capital to alternative investment funds of \$283,327 and \$295,545 at June 30, 2015 and 2014, respectively.

The liquidity of the investment portfolio, expressed in time periods over which investments can be converted to cash, is as follows at June 30, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Less than 30 days	\$ 31,320,497	\$ 31,030,307
Greater than 30 days-less than 1 year	14,015,074	15,193,457
Greater than 1 year	3,379,729	3,311,664

As a practical expedient, the Organization is permitted under U.S. GAAP to estimate the fair value of an investment at the measurement date using the reported NAV without further adjustment unless the entity expects to sell the investment at a value other than NAV or if the NAV is not calculated in accordance with U.S. GAAP. The Organization's investments in commodities, equity, balanced strategies, hedge funds, private equities and real estate funds are fair-valued based on the most current NAV and have adopted a policy that defines near-term liquidity as those investments allowing liquidity within twelve months of the reporting period. Included in Level 2 and Level 3 are assets valued at NAV which are redeemable in the near term. Investments offering periodic transparency with opportunities for liquidity within twelve months of the reporting period generally consist of commingled funds and are reported in Level 2.

The table below presents additional information regarding investments, whose fair value is estimated using the practical expedient of reported NAV, as of June 30, 2015.

	<u>Fair Value</u>	<u>No. of Funds</u>	<u>Redemption Periods of Liquidation</u>	<u>No. of Days Notice</u>
Equity Strategies (a)	\$ 7,176,669	3	Various	0 - 15
Asset Allocation Strategies	7,518,458	2	Daily-Monthly	5-15
Commodities	916,768	1	Monthly	5
Hedge funds	4,150,466	2	Qtrly-Yearly	50-90 days
Private equity funds	2,858,587	3	Illiquid	N/A
Real estate funds	<u>521,142</u>	1	Illiquid	N/A
Total	<u>\$ 23,142,090</u>			

- (a) Includes equity strategies that are redeemable in various time frames including daily without notice and monthly requiring 15 days' notice.

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued
 June 30, 2015 and 2014

NOTE F - FAIR VALUE MEASUREMENTS - Continued

The table below presents additional information regarding investments, whose fair value is estimated using the practical expedient of reported NAV, as of June 30, 2014.

	Fair Value	Redemption Periods of Liquidation	No. of Days Notice
Equity Strategies	\$ 8,635,029	Various	0 - 15 (a)
Balanced Strategies	5,838,455	Monthly	15
Commodities	1,214,961	Monthly	5
Hedge funds	4,199,491	Qtrly-Yearly	50-90 days
Private equity funds	2,533,087	Illiquid	N/A
Real estate funds	<u>770,857</u>	Illiquid	N/A
Total	<u>\$ 23,191,880</u>		

NOTE G - ENDOWMENT FUNDS

The Organization has historically viewed the Uniform Management of Institutional Funds Act (“UMIFA”) as requiring it to preserve the historic dollar value of the original gift as of the gift date of the donor-restricted endowment fund, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization has classified as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Board of Trustees.

Interpretation of Relevant Law

Effective May 15, 2009, Vermont adopted the Uniform Prudent Management of Institutional Funds Act (“UPMIFA”). The primary difference between UMIFA and UPMIFA is the recognition that prudent stewardship may allow expenditure from permanently restricted net assets. Unless the gift instrument creating a donor restricted endowment fund expressly provides otherwise, the Board of Trustees may, as provided in UPMIFA, from time to time, appropriate for expenditure such portion of the permanently restricted net assets as the Board determines is prudent, after consideration of the factors set forth below:

- The duration and preservation of the funds
- The purposes of the donor restricted endowment fund
- General economic conditions
- The possible effects of inflation and deflation
- The expected total return from income and appreciation of underlying investments
- The investment policies of the Organization

WORLD LEARNING, INC.

Notes to Consolidated Financial Statements - Continued
 June 30, 2015 and 2014

NOTE G - ENDOWMENT FUNDS - Continued

If the fair value of assets associated with individual donor-restricted endowment funds falls below the original gift value plus accumulations, if applicable, the deficiency is recorded as a charge to unrestricted net assets with a corresponding increase to temporarily restricted net assets. In subsequent periods, the deficiency may be restored as a result of appreciation of the underlying endowment investments.

Funds with Deficiencies

World Learning's endowment consists of approximately 80 individual funds established for a variety of purposes, including both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments (quasi-endowment). At June 30, 2015, the fair value of five endowment accounts was less than original value (underwater) by a total of approximately \$59,000. At June 30, 2014, the fair value of six endowment accounts was less than original value (underwater) by a total of approximately \$55,000.

Endowment Investment Policy

The Endowment Fund is used to support the operations of World Learning. The Spending Policy directs the Investment Committee with input from World Learning Staff to set a spending rate each year at the winter Board meeting (Feb.). For the years ended June 30, 2015 and 2014, World Learning employed an endowment spending model rate of 5% and 4.75% respectively based upon on a twelve quarter trailing average of the fair value of endowment fund investments as of March 31 of the prior fiscal year. Endowment fund investments are managed in accordance with the total return concept and the goal of maximizing long-term return within acceptable levels of risk. The spending policy is designed to provide a stable level of financial support and to preserve the real value of the endowment. The Organization compares the performance of investments against several benchmarks, including an asset allocation spending policy index.

Net assets associated with endowment funds are classified and reported based on the existence or absence of donor imposed restrictions. Donor restricted amounts reported below include appreciation and depreciation reported as temporarily restricted net assets. The underwater amount of endowment funds is reported as unrestricted net assets.

Strategies Employed for Achieving Objectives

The primary objective is to utilize a total return approach with a cross section of fixed income, equity and alternative strategies that combine income and dividend growth for inflation protection and earnings growth and credit enhancement for appreciation.

Endowment net assets were as follows at June 30, 2015:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Total</u>
Donor-restricted	\$ -	\$ 9,011,427	\$ 31,045,102	\$ 40,056,529
Quasi (Board designated)	<u>5,534,958</u>	<u>-</u>	<u>-</u>	<u>5,534,958</u>

Programs	14,417,505	14,554,169
Capital projects and preservation	147,072	145,072
Other	<u>47,593</u>	<u>47,593</u>
	<u>\$ 31,045,102</u>	<u>\$ 30,558,750</u>

NOTE O - CONTINGENCIES

World Learning receives significant funding from several U.S. government agencies in the form of grants and contracts. Expenditures of funds under these programs require compliance with the agreements, applicable regulations and are subject to audit. Any disallowed expenditures resulting from such audits become a liability of World Learning in the year assessed. In the opinion of management, such adjustments, if any, are not expected to have a material effect on World Learning's consolidated financial condition, change in net assets and cash flows.

Various legal claims arise from time to time in the normal course of business. In the opinion of management, the resolution of such claims is not expected to have a material effect on World Learning's consolidated financial position, change in net assets and cash flows.
